## ENR New York People Showcase

User-generated photos of the individuals who work in the Southeast's construction and design industry. This gallery is intended to showcase people who have earned special recognition, moved to a new company or position -- or are just caught in the act of doing their jobs!

### **Lewis Mintzer**

Hill International hired Lewis Mintzer as Vice President of Business Development for the New York Region. He will identify and position Hill with opportunities to improve its competitive advantage, expand the pipeline, and increase business development objectives, while also building and maintaining rapport with various agencies, supporting proposal efforts, and managing presentation rehearsals.
