

CMAA New England Celebrates Excellence; Recognizes Projects, Professionals, and Students.

May. 26, 2022

May 26, 2022 – The New England Chapter of the Construction Management Association of America held its annual Mark H. Hasso Awards Luncheon to celebrate excellence in projects, recognize achievements of CM students, name the Project and Person of the Year, and honor individuals for distinguished service. This year’s event was at the Omni Boston Hotel at the Seaport. It was an outstanding venue, and the staff was extremely helpful throughout the entire planning process and during the event. 250 industry professionals registered, and the Chapter was incredibly pleased with the number of attendees at the event.

This year, there were thirteen Project Excellence Award winners in four categories. Of these thirteen, one project was named the Project of the Year and became the Keynote Presentation with our “Rest of the Story” segment. In addition, the Awards Sub-Committee zeroed in on one of its own, a tireless and go-to member for Person of the Year. Another yearly mainstay and the heart of the Chapter is CM Scholarships. Six recipients from four colleges received \$4,000 for a total of \$24,000.

Scholarships were awarded for Outstanding Academic Achievement to six CM students from four colleges as follows:

Northeastern University: Vrushabh Patil

Roger Williams University: Bailee Amaral, Audrey Corcoran, and Alec Kalogeropoulos

Wentworth Institute of Technology: Chaise Kakuk

Worcester Polytechnic Institute: Rajul Raka

Each student prepared a pre-recorded video of introduction, background, and interests/endeavors along with expressing their gratitude to the Chapter and donors for contributing to the Scholarship fund. Five of the six recipients were able to attend and be recognized.

CM Scholarship Recipients (left to right): Alec Kalogeropoulos, Audrey Corcoran, Bailee Amaral, Chaise Kakuk, and Vrushabh Patil

John Phillips, PE was named the 2022 Person of the Year. John has been a member of CMAA-NE and the Board for eighteen years. Over that time, John has been involved in many sub-committees including Golf, Awards, Finance, Advisory/Governance. The Awards Sub-Committee selected John for his dedication and his resolve to give his all to the endeavor at hand with purpose and steadfastness. John graciously accepted the Award and said a few words of thanks. Congratulations to John.

The Program continued with the individual Project Awards in various categories for excellence in the prosecution and outcome of the project focused on construction management techniques and premises.

Robert Pine, Skanska USA Civil VP of Operations

Andrew Giocondi, Skanska USA Civil Project Manager

CMAA New England would like to acknowledge the efforts of the Awards and Scholarship Sub-Committees for an outstanding program, as well as the Annual

and Event Sponsors for their support to the Chapter. Additionally, special thanks to Stantec for the design and publishing of this year’s program booklet as well as to WSP for outstanding assistance with the technical aspects of the program presentation material. The Committee welcomes any and all feedback and hopes to continue to improve the program in the years to come. Please share your thoughts with us by submitting a comment on the CMAA New England website at <http://cmaa-ne.org/contact.php>. And as always, please keep an eye out for upcoming events and opportunities!

The entire Awards Program was recorded and is available to be viewed on our YouTube Channel, <https://www.youtube.com/channel/UCVC9gt-HTTjF-4MpSAbaczA>.

About CMAA New England

Started in 1994 by a small group of professionals devoted to construction in a management role, the New England Chapter now has over 550 members with approximately 100 Certified Construction Managers (CCM). The continued growth of CMAA indicates the rising importance of construction management within the industry and the value of CCM certification.

The Chapter offers numerous activities to the membership, some of which include Monthly Breakfast and Virtual Programs, Owners’ Forum Luncheon, Annual Project Awards, Student Scholarships, Professional Certification Classes, Construction Legislation Tracking & Alerts, and Annual Golf Outings. For more information, please visit the website <http://www.cmaa-ne.org>.
