

# Stuart Timson

Vice President, Advisory

Key Focus: Procurement and Supply Chain Management

**Stuart Timson** has more than 25 years of experience providing procurement and supply chain advisory services across global markets. With expertise in supply chain strategy and category management and a proven track record of delivering cost savings, mitigating risk, improving governance, and enhancing supplier and contract performance, Stuart helps clients navigate complex international supply chains to achieve cost certainty.

Prior to joining Hill, Stuart held senior leadership roles supporting complex capital and operational programs for utility and infrastructure organizations.
